Handouts Presentations

After 8 years as a clinician, including 6 years at the HUG, Dr Choffel is particularly committed to minimally invasive pelvic surgery and to training his future colleagues. He now practices in the Groupe Médicale de Champel as an independent doctor, just a stone's throw from the Clinique Générale-Beaulieu.

At the same time, he continues to work part-time as an associate doctor in gynaecological surgery at the HUG.
