

Céline Faivre-Delaloye

Naturopath MTE

Languages

FR,EN,DE

Work Experience

After 10 years' experience working for a major pharmaceutical company, I'm redirecting my focus towards a more holistic, person-centred approach to medicine.

Since 2015, creation and management of a non-profit association called "Mieux Vivre Avec Mon Cancer" for oncology patients, particularly breast cancer.

I have been practising naturopathy since 2016, initially at the Ecole Professionnelle Supérieure de Naturopathie in Lausanne, and since 2021 in private practice at La Providence hospital in Neuchâtel.

Since 2020, I have been working with the NAVI centre, a research centre at the Lausanne Biopôle on ETM (European Traditional Medicine) in integrative oncology.
